

IT'S HR SOFTWARE FOR BUSINESSES. BUT BETTER.

Employment Hero is an end-to-end platform that consolidates all your HR processes into one powerful system. Say goodbye to multiple platforms, spreadsheets and paper rosters – and hello to seamless HR management. From hiring, to onboarding, legal compliance, professional development, recognition tools, and more – it's HR on autopilot.

Cut your time-to-hire and simplify onboarding

Dramatically cut down your time-to-hire with hiring tools that build shortlists of your ideal candidates while you sleep. Access top talent wherever you are, and make onboarding a breeze.

Elevate the employee experience by reducing the HR admin

Keep top talent engaged with simplified and user-friendly tools that allow them to focus on their work, not admin. With our HR software, they can submit leave requests, complete timesheets, and update their personal details in just a few clicks. Set up alerts when staff certifications are due for renewal, assign workplace policies for digital completion, and so much more.

Built-in employee engagement tools boost performance and retention

Boost your team's productivity and retain them for the long-haul with a suite of tools, from our built-in Company Shout Outs feed, Hero Points system, peer-to-peer feedback loops, and automated scheduling for 1:1s and performance reviews.

Invest in their development with customisable training modules and resources

Provide flexible learning for remote teams using our cloud-based learning management system. Build custom training paths and scalable solutions for growth with accessible, engaging content.
